MAC OS X unsecure@hood setup instructions

Please ensure your computer meets the following criteria in order to successfully make a connection to this network:

- Have an AirPort Extreme wireless card (old AirPort cards from 2002 and earlier do not work)
- Support 802.11g/n

Step 1:
Click on the AirPort icon and select unsecure@hood from the list of available networks. (It may take a few seconds for the list of available networks to be populated.)
Step 2:
Open any web browser, which should automatically redirect you to the Hood authentication page. On the login page, enter your username. (prefix your username with pergola) Enter your password and Click Log in.

Once you have properly authenticated to the network you will be redirected in your web browser to your default homepage. You are now connected to the Hood network.

User Authenticated
In 2 seconds you will be automatically redirected to http://go.microsoft.com/fwlink/?LinkId=69157.
