**Gross income means all income you received in the form of money, goods, property, and services that isn't exempt from tax, including any income from sources outside the United States or from the sale of your main home (even if you can exclude part or all of it). Do not include any social security benefits unless (a) you are married filing a separate return and you lived with your spouse at any time in 2022 or (b) one-half of your social security benefits plus your other gross income and any tax-exempt interest is more than \$25,000 (\$32,000 if married filing jointly). If (a) or (b) applies, see the instructions for Form 1040 or Pub 915 to figure the taxable part of social security benefits you must include in gross income. Gross income includes gains, but not losses, reported on Form 8949 or Schedule D. Gross income from a business means, for example, the amount on Schedule C, line 7, or Schedule F, line 9. But, in figuring gross income, do not reduce your income by any losses, including any loss on Schedule C, line 7, or Schedule F, line 9.

***If you didn't live with your spouse at the end of 2022 (or on the date your spouse died) and your gross income was at least \$5, you must file a return regardless of your age.

Foreign Income

Please provide us a wage statement in English. Please also convert all monetary units to U.S. dollars, using the published exchange rate in effect for the day you completed your original FAFSA. (A wage statement is the equivalent of a W2 Form.) If there is no statement, please provide a statement of earnings from your and/or your spouse's employer on their company letterhead in English. If you or your spouse filed a foreign tax return, you and/or your spouse must submit a signed copy of the tax return translated in English and in US dollar amounts based on the exchange rate the day the FAFSA was filed. You and/or your spouse must also write in the exchange rate as of the date you signed the FAFSA. Please identify the following items on the translated foreign tax return by circling the amounts for:

- **Adjusted Gross Income** – This is the total income plus interest and dividend income minus housing allowances and minus contributions to retirement accounts. (Housing allowances and contributions to retirement accounts are reported separately on the FAFSA.)
