Certificate: See college catalog for available options in foreign languages

Drop Certificate(s): _____

Change of Certificate from _____ to _____

Advisor:

Printed Name of New Advisor: _____

Signature of Dept. Chair of New Advisor: _____ Date: _____

4Plus – Undergraduate/Graduate Dual Degree Programs

The 4Plus undergraduate/graduate dual degree programs allow students in most cases to complete both the bachelor's and master's degrees in an accelerated format. An undergraduate cumulative GPA of at least 3.0 is required for acceptance into the 4Plus program path.

The **MBA** degree is available to students from any undergraduate major who complete the recommended coursework during the final 2-3 semesters of their undergraduate degree, often allowing the MBA to be earned with just one additional year of study (summer included).

Some master's degree programs allow undergraduate students to complete master's degrees in a shortened time by permitting up to nine (9) credits of graduate coursework to be applied towards both degrees (bachelor's and master's). A minimum grade of B in graduate coursework is required for transfer to a graduate program. Current programs available for this option are:

- B.A./M.S. in Environmental Science/Environmental Biology
- B.A./M.S. in Biology/Biomedical Science
- B.A./ M.S. in Biochemistry/Biomedical Science
- B.A./M.S. in Sustainability Studies/Nutrition
- B.A./M.S. in Psychology/Counseling
- B.A./M.S. in Art Therapy/Counseling
- B.A. (any major) or B.S./M.S. in Cybersecurity
- B.A. (any major) or B.S./M.S. in Information Technology

Students should consult with their academic advisor and the graduate program director by their sophomore year for more information and accurate schedule planning. You can view more information at www.hood.edu/4plus

Indicate your interest in pursuing a 4Plus program on the front of this form and the registrar's office will follow up with next steps.
