

Environmental Biology 12 Credit Check-In

The environmental biology master's program requires the completion of at least 30 credits and there are two tracks available. The 12-credit check-in is to enable students to have important discussions with advisors about program progression and professional goals. This check-in will serve as a way for students to declare their research or non-research track.

Student ID _____ Student First & Last Name _____

Academic Advisor _____

The requirements listed below are in addition to the core requirements for the program.

Research Track Requirements:

1. Thesis Option (by invitation only)
 - a. Student secures thesis advisor and committee
 - b. Student completes 3 credits of elective coursework
