MEDICAL INSURANCE

YOUR HEALTH PLAN OPTIONS

As an eligible .5 or greater FTE employee of Hood College, you have the choice between three medical plan options: a POS plan, an EPO plan or a QHDHP/HSA plan.

For all, your deductible will run from JULY 1–JUNE 30.

Two of the plans give you the option of using out-of-network providers, you can save money by using in-network providers because UMR/UHC has negotiated significant discounts with them. If you choose to go out-of-network, you'll be responsible for the difference between the actual charge and UMR UCR (Usual, Customary and Reasonable) charge, plus your out-of-network deductible and coinsurance.

These plans cover a broad range of healthcare services and supplies, including prescriptions, office visits and hospitalizations. Please refer to the following pages for specific details on the medical plans available to you and your family.

Medical Plan FAQs

TIP

Get the most out of your insurance by using in-network providers.

CARE OPTIONS & WHEN TO USE THEM

YOUR CARE OPTIONS

While we recommend that you seek routine medical care from your primary care physician whenever possible, there are alternatives available to you. Services may vary, so it's a good idea to visit the care provider's website. Be sure to check that the facility is in-network by calling the toll-free number on the back of your medical ID card, or by visiting umr.com. You can also call the UMR Nurse Line at (877) 950-5083.

PRIMARY CARE \$

- Routine, primary/preventive care
- Non-urgent treatment
- Chronic disease management

For routine, primary/preventive care or non-urgent treatment, we recommend going to your doctor's office. Your doctor knows you and your health history best — and already has access to your medical records. You'll also likely pay the least amount out-of-pocket.

TELEHEALTH \$\$

- Cold/flu
- Diarrhea
- Fever
- Rash
- Sinus problems

Retail Telehealth, or a "virtual visit," lets you talk to a doctor anytime, anywhere from your mobile device or computer — no appointment necessary. UMR partners with Teladoc to bring you care from the comfort and convenience of your home or wherever you are.

CONVENIENCE CARE \$\$\$

- Flu shots
- Common infections (ear infections, pink eye, strep throat & bronchitis)
- Pregnancy tests
- Vaccines
- Rashes
- Screenings

If you're unable to get to your doctor's office and your condition is not urgent/an emergency, these providers serve as a good alternative. They are often located in malls or retail stores (such as CVS, Walgreens, Wal-Mart and Target), and generally serve patients 18 months of age or older without an appointment. Services may be provided at a lower out-of-pocket cost than an urgent care center.

URGENT CARE \$\$\$\$

- Sprains
- Small cuts
- Strains
- Minor infections
- Sore throats
- Mild asthma attacks
- Back pain or strains

Sometimes you need medical care fast, but a trip to the emergency room may not be necessary. During office hours, you may be able to go to your doctor's office. Outside regular office hours — or if you can't be seen by your doctor immediately — you may consider going to an Urgent Care Center where you can generally be treated for many minor medical problems faster than at an emergency room.

EMERGENCY ROOM \$\$\$\$\$

- Heavy bleeding
- Large open wounds
- Chest pain
- Spinal injuries
- Difficulty breathing
- Major burns
- Severe head injuries

An emergency medical condition is any condition (including severe pain) that you believe may result in serious injury or death without immediate medical care. Emergency services are always considered in-network. If you receive treatment for an emergency in a non-network facility, you may be transferred to an in-network facility once your condition has been stabilized.

If you believe you are experiencing a medical emergency, go to the nearest emergency room or call 9-1-1, even if your symptoms are not described here.

Premiums can be withheld from your paycheck on a pre-tax basis for Medical, Dental, and Vision insurance. Based upon your individual tax bracket, this could save you a considerable amount of money.

Your election can only be changed during the plan year if you experience a qualifying life status change. You must notify Human Resources within 30 days of the event.

All plans are detailed in UMR's 2026 - 2027 Certificate of Coverage (COC). This is a brief summary only. For exact terms and conditions, please refer to your certificate.

HEALTH SAVINGS ACCOUNT (HSA)

UNDERSTANDING A HEALTH SAVINGS ACCOUNT (HSA)

THERE ARE TWO WAYS YOU CAN PUT MONEY INTO YOUR HSA:

- Regular payroll deductions on a pre-tax basis, and
- Lump-sum contributions of any amount, anytime, up to the maximum limit.

WHAT IS AN HSA?

An HSA is exactly what it sounds like — a savings account where you can either direct pre-tax payroll deductions or deposit money to be used to pay for current or future qualified medical expenses for you and/or your dependents. Once money goes into the account, it's yours to keep — the HSA is owned by you, just like a personal checking or savings account.

YOUR HSA CAN ALSO BE AN INVESTMENT OPPORTUNITY.

Depending upon your HSA account balance, your account can grow tax-free in an investment of your choice (like an interest-bearing savings account, a money market account, a wide variety of mutual funds — or all three). Of course, your funds are always available if you need them for qualified health care expenses.

YOUR FUNDS CAN CARRY OVER AND EVEN GROW OVER TIME.

The money in your HSA always belongs to you, and we mean always. Even if you leave the company or you don't use a lot of health services now, your funds will carry over from year to year and will always be there if you need them in the future — even after retirement.

HSA FUNDS CAN BE USED FOR YOUR FAMILY.

Your HSA doesn't just benefit you. You can use the funds for your spouse and tax dependents for their eligible expenses, too — even if they're not covered by your medical plan.

Contribute up to \$4,400 Single, or \$8,750 Family in 2026

WHAT ARE THE RULES?

- You must be covered under a Qualified High Deductible Health Plan (QHDHP) in order to establish an HSA.
- You cannot establish an HSA if you or your spouse also have a medical FSA, unless it is a Limited Purpose FSA.
- You cannot be enrolled in Medicare or TRICARE due to age or disability.
- You cannot set up an HSA if you have insurance coverage under another plan, such as your spouse's employer, unless that secondary coverage is also a Qualified High Deductible Health Plan.
- You cannot be claimed as a dependent under someone else's tax return.

WHAT ELSE SHOULD I KNOW?

- You can invest up to the IRS's annual contribution limit. Contributions are based on a calendar year. The contribution limits for 2026 are \$4,400 for single and \$8,750 for family coverage. If you are 55 or older, you are allowed to make an extra \$1,000 contribution each year.
- The contributions grow tax-free and come out tax-free as long as you utilize the funds for approved services based on the IRS Publication 502, (medical, dental, vision expenses and over-the-counter medications, such as allergy medicine, cold and flu, pain relievers, and feminine hygiene)
- Your unused contributions roll over from year to year and can be taken with you if you leave your current job.
- If you use the money for non-qualified expenses, then the money becomes taxable and subject to a 20% excise tax penalty (like in an IRA account).
- There is no penalty for distributions following death, disability (as defined in IRC 72), or attainment of Medicare eligibility age, but taxes would apply for non-qualified distributions.
- If your health care expenses are more than your HSA balance, you need to pay the remaining cost another way. Save your receipts in case you are ever audited! You can request reimbursement later, after you have accumulated more money in your account.

HEALTH SAVINGS ACCOUNT (HSA)

YOU CAN USE HSA FUNDS FOR IRS-APPROVED ITEMS SUCH AS:

- Doctor's office visits
- Dental services
- Eye exams, eyeglasses, laser surgery, contact lenses and solution
- Hearing aids
- Orthodontia, dental cleanings and fillings
- Prescription drugs and some over-the-counter medications (such as allergy medicine, cold and flu, pain relievers and feminine hygiene)
- Physical therapy, speech therapy and chiropractic expenses
- More information about approved items, plus additional details about the HSA, is available at [irs.gov](https://www.irs.gov).

IMPORTANT INFORMATION:

Every time you use your HSA, save your receipt in case the IRS asks you to prove your claim was for a qualified expense. If you use HSA funds for a non-qualified expense, you will pay tax and a penalty on those funds.

The HSA is your personal account and contains your personal funds. It can be considered an asset by a creditor and garnished as applicable.

As an HSA account holder, you will be required to file a Form 8889 with the IRS each year. This form identifies any contributions, distributions, or earned interest associated with your account.

THIS MAY BE THE BEST PLAN OPTION FOR YOU IF ANY OF THE FOLLOWING ARE TRUE:

- You do not incur a lot of medical and prescription medication expenses.
- You would like money in a savings account to pay for Qualified Expenses permitted under Federal Law.
- You would like the opportunity to contribute pre-tax income to a Health Savings Account.
- You are enrolled in the HDHP.

FREQUENTLY ASKED QUESTIONS

WHAT WILL I PAY AT THE PHARMACY WITH THE HSA QUALIFIED PLAN OPTIONS?

You will pay the actual discounted cost of the drug until you satisfy your calendar year deductible in full.

WHAT WILL I PAY AT THE PHYSICIAN'S OFFICE WITH THE HSA QUALIFIED PLAN?

You'll provide your ID card at the time of your visit and the physician's office will submit the claim to UMR.

You will not owe anything at the time of your visit. Later you'll receive an Explanation of Benefits (EOB) from UMR that shows the charges discounted based on their contract with the physician. When you receive a bill from the physician's office, you pay the portion of the discounted cost you are responsible for as shown on the EOB.

WHERE CAN I GET A COPY OF AN EXPLANATION OF BENEFITS (EOB)?

You can access all of your EOB information, as well as obtain other important information, by logging on to [umar.com](https://www.umar.com).

FLEXIBLE SPENDING ACCOUNT (FSA)

HEALTH CARE FLEXIBLE SPENDING ACCOUNT

This account enables you to pay medical, dental, vision, and prescription drug expenses that may or may not be covered under your insurance program (or your spouse's) with pre-tax dollars. You can also pay for dependent health care, even if you choose single (vs. family) coverage. The total amount of your annual election is available to you up front, reducing your chance of incurring a large out-of-pocket expense early in the plan year. Be aware — any unused portion of the account at the end of the plan year is forfeited. A limited purpose FSA is a healthcare spending account that can only be used for eligible vision and dental expenses. Unlike a healthcare FSA, however, an LPFSA can be held at the same time as a Health Savings Account (HSA).

ELIGIBLE EXPENSES EXAMPLES

• Coinsurance and copayments • Contraceptives • Crutches • Dental expenses • Dentures • Diagnostic expenses • Eyeglasses, including exam fee • Handicapped care and support • Nutrition counseling • Hearing devices and batteries • Hospital bills • Deductible amounts	• Laboratory fees • Licensed practical nurses • Orthodontia • Orthopedic shoes • Oxygen • Prescription drugs • Psychiatric care • Psychologist expenses • Routine physical • Seeing-eye dog expenses • Prescribed vitamin supplements (medically necessary)
--	---

HOW THE HEALTH CARE FLEXIBLE SPENDING ACCOUNT WORKS

When you have out-of-pocket expenses (such as copayments and deductibles), you can either use your FSA debit card to pay for these expenses at qualified providers or submit an FSA claim form with your receipt to Hood College. Reimbursement is issued to you through direct deposit into your bank account, or by check.

2026 MAXIMUM CONTRIBUTIONS

Health Care Flexible Spending Account	\$3,400 max
Dependent Care Expense Account	\$7,500 max

2. SELECT YOUR FSA ACCOUNTS

- HEALTH CARE FLEXIBLE SPENDING ACCOUNT
- DEPENDENT CARE EXPENSE ACCOUNT
- Limited Purpose Flexible Spending Account

DEPENDENT CARE EXPENSE ACCOUNT

This account gives you the opportunity to redirect a portion of your annual pay on a pre-tax basis to pay for dependent care expenses. An eligible dependent is any member of your household for whom you can claim expenses on your Federal Income Tax Form 2441, "Credit for Child and Dependent Care Expenses." Children must be under age 13. Qualified care centers include dependent care centers, preschool educational institutions, and qualified individuals (if the caregiver is not a family member and reports income for tax purposes). Before deciding to use the Dependent Care Expense Account, it would be wise to compare its tax benefit to that of claiming a childcare tax credit when filing your tax return. You may want to check with your tax advisor to determine which method is best for you and your family. Any unused portion of your account balance at the end of the plan year is forfeited.

GLOSSARY OF MEDICAL TERMS

INSURANCE TERMS

Coinsurance — The plan's share of the cost of covered services which is calculated as a percentage of the allowed amount. This percentage is applied after the deductible has been met. You pay any remaining percentage of the cost until the out-of-pocket maximum is met. Coinsurance percentages will be different between in-network and out-of-network services.

Copays — A fixed amount you pay for a covered health care service. Copays can apply to doctor's office visits as well as urgent care and emergency room services. Copays will not satisfy any part of the deductible. Copays should not apply to any preventive services.

Deductible — The amount of money you pay before services are covered. Services subject to the deductible will not be covered until it has been fully met. It does not apply to any preventive services, as required under the Affordable Care Act.

***Embedded Deductible** — The single team member deductible is *embedded* into the family deductible, meaning no one person covered under the plan can contribute more than the single amount towards the family deductible.

Lifetime Benefit Maximum — All plans are required to have an unlimited lifetime maximum.

Network Provider — A provider who has a contract with your health insurer or plan to provide services at set fees. These contracted fees are usually lower than the provider's normal fees for services.

Out-of-Pocket Maximum — The most you will pay during a set period of time before your health insurance begins to pay 100% of the allowed amount. The deductible, coinsurance and copays are included in the out-of-pocket maximum.

Preauthorization (also known as Prior Authorization (PA)) — A process conducted by your health insurer or plan to determine if any service, treatment plan, prescription drug or durable medical equipment is medically necessary. This is sometimes called medical necessity.

UCR (Usual, Customary and Reasonable) — The amount paid for medical services in a geographic area based on what providers in the area usually charge for the same or similar service.

MEDICAL TERMS

Prescription Drugs — Each plan offers its own unique prescription drug program. Specific copays apply to each tier and a medical plan can have one to five separate tiers. The retail pharmacy benefit offers a 30-day supply. Mail order prescriptions provide up to a 90-day supply. Sometimes the deductible must be satisfied before copays are applied.

Urgent Care — Care for an illness, injury or condition serious enough that a reasonable person would seek immediate care, but not so severe to require emergency room care.

Emergency Room — Services you receive from a hospital for any serious condition requiring immediate care.

Preventive Services — All services coded as Preventive must be covered 100% without a deductible, coinsurance or copayments.

Medically Necessary — Health care services or supplies needed to prevent, diagnose or treat an illness, injury, condition, disease or its symptoms, which meet accepted standards of medicine.

IMPORTANT NOTICES

MEDICARE PART D CREDITABLE COVERAGE

Important Notice from Hood College About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Hood College and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Hood College has determined that the prescription drug coverage offered by the UMR health plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Hood College coverage **may** be affected. You can keep this coverage if you elect Part D and this plan will coordinate with Part D coverage. If you do decide to join a Medicare drug plan and drop the Hood College medical plan, **be aware that you and your dependents may not be able to get this coverage back.**

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Hood College and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the person listed below for further information. **NOTE:** You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Hood College changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit [medicare.gov](https://www.medicare.gov)
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at [socialsecurity.gov](https://www.socialsecurity.gov), or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2025. Contact your State for more information on eligibility -

INITIAL COBRA NOTICE [FOR NEW HIRES OR NEW BENEFITS ELIGIBLE ONLY]

INTRODUCTION

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs.

Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

WHAT IS COBRA CONTINUATION COVERAGE?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);

- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a “dependent child.”

WHEN IS COBRA CONTINUATION COVERAGE AVAILABLE?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice to: Amanda Harris at aharris@hood.edu or (301) 696-3590.

HOW IS COBRA CONTINUATION COVERAGE PROVIDED?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

DISABILITY EXTENSION OF 18-MONTH PERIOD OF COBRA CONTINUATION COVERAGE

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. [Add description of any additional Plan procedures for this notice, including a description of any required information or documentation, the name of the appropriate party to whom notice must be sent, and the time period for giving notice.]

SECOND QUALIFYING EVENT EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation

coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

ARE THERE OTHER COVERAGE OPTIONS BESIDES COBRA CONTINUATION COVERAGE?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, [Children's Health Insurance Program \(CHIP\)](#), or other group health plan coverage options (such as a spouse's plan) through what is called a “special enrollment period.” Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

CAN I ENROLL IN MEDICARE INSTEAD OF COBRA CONTINUATION COVERAGE AFTER MY GROUP HEALTH PLAN COVERAGE ENDS?

In general, if you don't enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period to sign up for Medicare Part A or B, beginning on the earlier of

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don't enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

This notice is intended as a brief outline; please see HR for more information.

MARKETPLACE COVERAGE OPTIONS [FOR NEW HIRES ONLY]

PART A: GENERAL INFORMATION

Even if you are offered health coverage through your employment, you may have other coverage options through the Health Insurance Marketplace ("Marketplace"). To assist you as you evaluate options for you and your family, this notice provides some basic information about the Health Insurance Marketplace and health coverage offered through your employment.

WHAT IS THE HEALTH INSURANCE MARKETPLACE?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options in your geographic area.

CAN I SAVE MONEY ON MY HEALTH INSURANCE PREMIUMS IN THE MARKETPLACE?

You may qualify to save money and lower your monthly premium and other out-of-pocket costs, but only if your employer does not offer coverage, or offers coverage that is not considered affordable for you and

doesn't meet certain minimum value standards (discussed below). The savings that you're eligible for depends on your household income. You may also be eligible for a tax credit that lowers your costs.

DOES EMPLOYMENT-BASED HEALTH COVERAGE AFFECT ELIGIBILITY FOR PREMIUM SAVINGS THROUGH THE MARKETPLACE?

Yes. If you have an offer of health coverage from your employer that is considered affordable for you and meets certain minimum value standards, you will not be eligible for a tax credit, or advance payment of the tax credit, for your Marketplace coverage and may wish to enroll in your employment-based health plan. However, you may be eligible for a tax credit, and advance payments of the credit that lowers your monthly premium, or a reduction in certain cost-sharing, if your employer does not offer coverage to you at all or does not offer coverage that is considered affordable for you or meet minimum value standards. If your share of the premium cost of all plans offered to you through your employment is more than **9.96%** of your annual household income, or if the coverage through your employment does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit, and advance payment of the credit, if you do not enroll in the employment-based health coverage. For family members of the employee, coverage is considered affordable if the employee's cost of premiums for the lowest-cost plan that would cover all family members does not exceed **9.96%** of the employee's household income.¹²

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered through your employment, then you may lose access to whatever the employer contributes to the employment-based coverage. Also, this employer contribution -as well as your employee contribution to employment-based coverage- is generally excluded from income for federal and state income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis. In addition, note that if the health coverage offered through your employment does not meet the affordability or minimum value standards, but you accept that coverage anyway, you will not be eligible for a tax credit. You should consider all of these factors in determining whether to purchase a health plan through the Marketplace.

¹ Indexed annually; see <https://www.irs.gov/pub/irs-drop/rp-22-34.pdf> for 2023.

² An employer-sponsored or other employment-based health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs. For purposes of eligibility for the premium tax credit, to meet the "minimum value standard," the health plan must also provide substantial coverage of both inpatient hospital services and physician services.

MARKETPLACE COVERAGE OPTIONS CONTINUED [FOR NEW HIRES ONLY]

WHEN CAN I ENROLL IN HEALTH INSURANCE COVERAGE THROUGH THE MARKETPLACE?

You can enroll in a Marketplace health insurance plan during the annual Marketplace Open Enrollment Period. Open Enrollment varies by state but generally starts November 1 and continues through at least December 15.

Outside the annual Open Enrollment Period, you can sign up for health insurance if you qualify for a Special Enrollment Period. In general, you qualify for a Special Enrollment Period if you've had certain qualifying life events, such as getting married, having a baby, adopting a child, or losing eligibility for other health coverage. Depending on your Special Enrollment Period type, you may have 60 days before or 60 days following the qualifying life event to enroll in a Marketplace plan.

There is also a Marketplace Special Enrollment Period for individuals and their families who lose eligibility for Medicaid or Children's Health Insurance Program (CHIP) coverage on or after March 31, 2023, through July 31, 2024. Since the onset of the nationwide COVID-19 public health emergency, state Medicaid and CHIP agencies generally have not terminated the enrollment of any Medicaid or CHIP beneficiary who was enrolled on or after March 18, 2020, through March 31, 2023. As state Medicaid and CHIP agencies resume regular eligibility and enrollment practices, many individuals may no longer be eligible for Medicaid or CHIP coverage starting as early as March 31, 2023. The U.S. Department of Health and Human Services **is offering a temporary Marketplace Special Enrollment period to allow these individuals to enroll in Marketplace coverage.**

Marketplace-eligible individuals who live in states served by HealthCare.gov and either- submit a new application or update an existing application on HealthCare.gov between March 31, 2023 and July 31, 2024, and attest to a termination date of Medicaid or CHIP coverage within the same time period, are eligible for a 60-day Special Enrollment Period. **That means that if you lose Medicaid or CHIP coverage between March 31, 2023, and July 31, 2024, you may be able to enroll in Marketplace coverage within 60 days of when you lost Medicaid or CHIP coverage.** In addition, if you or your family members are enrolled in Medicaid or CHIP coverage, it is important to make sure that your contact information is up to date to make sure you get any information about changes to your eligibility. To learn more, visit HealthCare.gov or call the Marketplace Call Center at 1-800-318-2596. TTY users can call 1-855-889-4325.

WHAT ABOUT ALTERNATIVES TO MARKETPLACE HEALTH INSURANCE COVERAGE?

If you or your family are eligible for coverage in an employment-based health plan (such as an employer-sponsored health plan), you or your family may also be eligible for a Special Enrollment Period to enroll in that health plan in certain circumstances, including if you or your dependents were enrolled in Medicaid or CHIP coverage and lost that coverage. Generally, you have 60 days after the loss of Medicaid or CHIP coverage to enroll in an employment-based health plan, but if you and your family lost eligibility for Medicaid or CHIP coverage between March 31, 2023 and July 10, 2023, you can request this special enrollment in the employment-based health plan through September 8, 2023. Confirm the deadline with your employer or your employment-based health plan.

Alternatively, you can enroll in Medicaid or CHIP coverage at any time by filling out an application through the Marketplace or applying directly through your state Medicaid agency. Visit <https://www.healthcare.gov/medicaid-chip/getting-medicaid-chip/> for more details.

NOTICE REGARDING WELLNESS PROGRAM

The Wellness Program is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you will be asked [to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You will also be asked to complete a biometric screening, which will include a blood test for cholesterol and glucose levels as well as a blood pressure and BMI screening. You are not required to complete the HRA or to participate in the blood test or other medical examinations.]

However, pending wellness regulations, employees who choose to participate in the wellness program may receive an incentive of a reduced employee contribution to the medical plan. Although you are not required to complete the process of the Wellness Program, only employees who do so will receive the incentive.

If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Amanda Harris, (301) 696-3590

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness and/or health plan program. You also are encouraged to share your results or concerns with your own doctor.
