HCSV Newsletter

Service Onward - The Mission Continues!

President's Update

As we continue to honor the proud legacy of military service and reflect on America's 250th anniversary, the Hood College Student Veterans Organization joins the U.S. Department of Veterans Affairs in recognizing this year's upcoming National Veterans Day theme:

"VETERANS HELPING VETERANS AND THEIR FAMILIES"

This theme reflects a principle deeply rooted in military service—the commitment to serve others, strengthen our communities, and support those who have served alongside us.

Honoring our fellow veterans is more than remembering our service; it is also about creating a campus environment where veterans and their families feel welcomed, respected, supported, and connected. Student Veterans contributions enrich our classrooms, campus organizations, and the broader Hood College community.

Let us continue to honor the generations who have served our nation by continuing their legacy of selfless service, leadership, and commitment to others.
