

DO YOU TRULY KNOW YOURSELF?

Hood College Gallery Management | Student Art Exhibition | Sense of Self
Whitaker Gallery | Whitaker Campus Center

Gallery Hours | Daily 9AM - 7 PM
Reception | Friday Oct 21 5 - 7 PM

Throughout life there is a continuous journey that we must embark on, that changes with every passing day. Only by looking within ourselves will we see who we really are and what we truly value.

What better concept can combine the talents of 12 individuals, all with unique and eccentric personalities and backgrounds, than that of the self? The concept of self is at the heart of one's identity, and that concept has been analyzed, explored, and questioned throughout our shared human history. Sense of Self (October 17th - November 11th) is the latest addition to the human inquiry of belonging, individually, and identity brought from the perspective of today's youngest generation of students at Hood College who have reflected on how they consider themselves. Our hope is that you will enjoy this collaborative exploration and introspectively consider the questions conveyed and raised in each art piece.
