Hood College Health Center
301-696-3439
The Wellness Center is open Aug. 1 - May 31 while classes are in session. If you have questions during the summer, you may call 301-696-3575 to reach the Student Engagement and Orientation office for assistance.

Important Information About Required Medical Forms and Immunizations

- The Report of Medical Exam, Report of Medical History, Immunization Record and Emergency Contact forms must be completed and returned to the Health Center. The four required forms should be returned to the Health Center by August 1 for fall enrollment or Jan. 1 for spring enrollment.
- Forms may be returned in the following ways:
  1) Fax directly to the Health Center at (301)696-3442 with a confidential cover page.
  2) Hand them to a nurse during Hood College Advising Days or during Health Center office hours while school is in session.
  3) U.S. mail: Hood College Health Center, 401 Rosemont Ave., Frederick, MD 21701 (marked confidential)
- Registration for classes in subsequent semesters cannot be completed until your health forms are on file at the Health Center.
- Please keep a copy of all completed forms for your records.

Forms to Complete

1. REPORT OF MEDICAL HISTORY: Fill out personal and family history yourself; the form must be signed by your healthcare provider.

2. REPORT OF MEDICAL EXAM: Have your physician fill out the Report of Medical Exam form. This form must be complete and on file at the Health Center before you can be eligible for Health Center services.

3. IMMUNIZATION RECORD: Required for all students and must be on file prior to arrival on campus. Your family physician should have these records.
   a) If you are a recent high school graduate, you may find your immunizations record at your high school.
   b) Your doctor may order a blood test for a Rubella and Rubeola titer to see if you are immune to these diseases.
   c) Maryland law requires all residential students have the meningococcal vaccine or sign a waiver declining the vaccination.

4. EMERGENCY CONTACT AND RELEASE FORM: Required for any emergency treatment to be initiated and allows us to contact the person you designate in an emergency. You may sign the form yourself if you are 18 or older. If you are under 18, your parent or guardian must sign.

Athletes:

Athletes will need to complete additional health related information and forms per NCAA requirements. This packet will be available at www.hoodathletics.com/athletics-about/sports-medicine/pre-participation-forms beginning June 1. For questions about the Pre-Participation Packet, contact Jennie Bowker, head athletic trainer, at bowker@hood.edu or 301-696-3836.
Meningococcal Disease And Vaccine Information

What You Need to Know

Maryland law requires that students enrolled in an institution of higher education in Maryland who reside in on-campus student housing must be vaccinated against meningococcal disease. An individual may be exempt from this requirement if:

1) the institution of higher education provides the student, or the student’s parent or guardian if the individual is a minor (under 18 years of age), detailed information on the risks associated with meningococcal disease and the availability and effectiveness of any vaccine, and

2) the individual or a minor student’s parent or guardian signs a waiver stating that the individual or the parent or guardian has received and reviewed the information provided and has chosen that the student will not be vaccinated against meningococcal disease.

What is Meningococcal Disease?

Meningococcal disease is a rare but life-threatening illness, caused by the bacterium Neisseria meningitidis. It is a leading cause of bacterial meningitis (an infection of the brain and spinal cord coverings) in the United States. The most severe form of the disease is meningococcemia, an infection of the bloodstream by this bacterium.

Deaths from meningococcal disease have occurred among Maryland college students in recent years. Students living in dormitories or residence halls are at increased risk. The Maryland Department of Health and Mental Hygiene encourages meningococcal vaccination of higher education students.

About 2,600 people get meningococcal disease each year in the United States. Ten to 15 percent of these people die in spite of treatment with antibiotics. Of those who live, 10 percent lose their arms or legs, become deaf, have problems with their nervous systems, become mentally retarded or suffer seizures or strokes.

About the Vaccine

Meningococcal vaccine can be effective in preventing four types of meningococcal disease. The vaccine is not effective in preventing all types of the disease, but it does help to protect many people who might become sick if they don’t get the vaccine. Drugs such as penicillin can be used to treat meningococcal infection. Still, about one out of every 10 people who get the disease dies from it, and many others are affected for life.

A vaccine, like any medicine, is capable of causing serious problems, such as a severe allergic reaction. People should not get meningococcal vaccine if they have ever had a serious allergic reaction to a previous dose of meningococcal vaccine. Some people who get meningococcal vaccine have mild side effects, such as redness or pain where the shot was given (which is usually under the skin of the upper arm). A small percentage of people who receive the vaccine develop a fever.

Confidentiality

The Hood Health Center staff is committed to maintaining the confidentiality of student medical information. Such information will not be released without written consent of the student (refer to Request for Medical Records form) or unless required by law or other special circumstances outlined by the FERPA regulations. If a student has not reached 18 years of age, the parent or guardian may be asked to give permission for certain procedures.
REPORT OF MEDICAL HISTORY

Last, First and Middle Names

Date of Birth

Personal History — Please answer all questions. Comment on all positive answers in space below or on additional sheet.

1. Have you ever had any surgeries?  ■ Yes  ■ No  If yes, please list: ______________________
2. Have you ever stayed overnight in the hospital for any reason?  ■ Yes  ■ No  If yes, reason: ______________________
3. Has your physical activity been restricted during the past five years? (Give reasons and duration) ______________________
4. Are you taking medication(s) on a regular basis?  ■ Yes  ■ No  If Yes, please note medication(s) and dosage(s): ______________________
5. Have you ever been concerned with or received treatment for depression, anxiety, eating disorder or other emotional problems?  ■ Yes  ■ No  If Yes, give details: ______________________
6. Are you allergic to any drugs, serums, foods or other substances?  ■ Yes  ■ No  If yes, please list: ______________________
7. Are there any other reasons for which you have seen your doctor repeatedly?  ■ Yes  ■ No  Please list: ______________________
8. Have you ever passed out during exercise or become dizzy during exercise?  ■ Yes  ■ No
9. Have you ever experienced chest pain during exercise?  ■ Yes  ■ No
10. Have you ever had a concussion or neck injury?  ■ Yes  ■ No
11. Have you ever broken a bone or had to wear a cast and/or had any injury to any joint?  ■ Yes  ■ No
12. Have you ever suffered a heat related illness?  ■ Yes  ■ No
13. Have you ever had convulsions (seizures) or epilepsy?  ■ Yes  ■ No
14. Have you ever been unconscious?  ■ Yes  ■ No
15. Do you have asthma or wheeze or cough after exercise?  ■ Yes  ■ No
16. Do you wear contacts or eye glasses?  ■ Yes  ■ No
17. Do you wear dental bridges, plates or braces? Do you wear orthotics, protective braces or supports while playing sports?  ■ Yes  ■ No
18. Do you have only one of any paired organ? (Eye, ear, kidney, lungs, etc.)  ■ Yes  ■ No  If yes, please list: ______________________
19. Have you ever used any substances to enhance your performance?  ■ Yes  ■ No  If yes, please list: ______________________
20. Have you been tested for sickle cell trait?  ■ Yes  ■ No  If yes,  ■ Positive  ■ Negative
21. (Women Only) Have you ever experienced amenorrhea (absence of regular periods) while engaged in strenuous exercise?  ■ Yes  ■ No

Please check the sport(s) you intend to play:

Collision Sports:  ■ men's lacrosse
Contact Sports:  ■ basketball  ■ softball  ■ soccer  ■ field hockey  ■ volleyball  ■ women's lacrosse
Non Contact Sports:  ■ tennis  ■ cross-country  ■ golf  ■ swimming  ■ track and field

IMMUNIZATION RECORD

This Form is to be Completed and Signed by a Health Care Provider
Proof of immunity is required prior to registration. Any contraindications to immunizations must be documented.

Status:  □ Undergraduate  □ Graduate  □ Full-time  □ Part-time

A. M.M.R. (Measles, Mumps, Rubella) (Two doses required)
1. Dose No. 1 given at age 12-15 months or later
   No. 1 _____/_______
   Month Year

2. Dose No. 2 given at age 4-6 years or later, and at least one month after first dose
   No. 2 _____/_______
   Month Year

B. TETANUS-DIPHTHERIA
Tetanus-Diphtheria (Td) booster within the last 10 years
   _____/_______
   Month Year

C. POLIO: Check One
Primary series of immunization completed with:
   _____ oral vaccine _____ inactivated _____E-IPV  Last booster date _____/_____/
   Month Day Year

D. MENINGOCOCCAL TETRAVALENT (A, C, Y, W-135) (Maryland requires all residential students receive the meningococcal vaccine or sign a waiver below to the vaccination.)
   Tetravalent conjugate (preferred; data for revaccination pending):
   Date _____/_____  
   Month Year
   Tetravalent polysaccharide (acceptable alternative if conjugate is not available; revaccinate every 3-5 years if increased risk continues):
   Date _____/_____  _____/_____  
   Month Year Month Year

WAIVER:
I decline the meningococcal vaccine at this time.  
   Date _____/_____  
   Month Year

E. TUBERCULOSIS SCREENING
1. Does the student have signs or symptoms of active tuberculosis disease?  □ Yes  □ No
   (If No, proceed to No. 2. If Yes, proceed with additional evaluation to exclude active tuberculosis disease including tuberculin skintesting, chest x-ray and sputum evaluation as indicated.)

2. Is the student a member of a high-risk* group or is the student entering the health professions?  □ Yes  □ No

3. Tuberculin Skin Test:
   Date Given: _____/_____/
   Date Read: _____/_____/
   Result: _____  (Record actual mm of induration, transverse diameter; if no duration, write “0”)
   Interpretation (based on mm of induration as well as risk factors):  Positive  Negative

4. Chest X-ray (required if tuberculin skin test is positive)  Result: Normal  Abnormal
   Date of Chest X-ray _____/_____/
   Month Day Year

*Categories of high-risk students include those students who have arrived within the past five years from countries where TB is endemic. It is easier to identify countries of low rather than high TB prevalence. Therefore, students should undergo TB screening if they have arrived from countries EXCEPT those on the following list: Canada, Jamaica, Saint Kitts and Nevis, Saint Lucia, U.S.A., U.S. Virgin Islands, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Liechtenstein, Luxembourg, Malta, Monaco, Netherlands, Norway, San Marino, Sweden, Switzerland, United Kingdom, American Samoa, Austria or New Zealand.
RECOMMENDED BUT NOT REQUIRED IMMUNIZATIONS

A. VARICELLA
1. History of Disease  ☐ Yes  ☐ No
2. Immunization:
   a. Dose No. 1  No. 1 _______/_______
      Month  Year
   b. Dose No. 2, given at least one month
      after first dose, if age 13 years or older  No. 2 _______/_______
      Month  Year

B. HEPATITIS B
1. Immunization
   a. Dose No. 1 _______/_______  b. Dose No. 2 _______/_______  c. Dose No. 3 _______/_______
      Month  Year  Month  Year  Month  Year
